www.illuminate.com & www.inspire-every-child.org

Inspire Every Child Foundation (IEC) invites you to participate in a Theatrical Story Telling program for children ages 4-14. In addition to children, we encourage parents and teachers to take part in this exciting new workshop, based on the inspiring, uplifting children's books created by Illumination Arts Publishing .

To help us in updating our website and Facebook pages, we welcome anyone willing to share the enjoyment of reading with kids around the world. Parental permission will be required so kids can present their beautiful selves to the camera

Our mission is to encourage kids around the world to become better readers. A love offering will be taken with all donations going to provide inspiring books to disadvantaged children. We turn no one away if funding is unavailable.
